Makin' Music!

Explorin' and Playin' - Each class begins with exploratory play where children delight in exploring sound and melody through hands-on experiences with a variety of folk and orchestral instruments such as cymbals, triangles, maracas, rhythm sticks, jingle bells, drums, and resonator bells.

Wigglin'™ - Your child will develop body awareness and coordination through creative and expressive movement including a balance of many kinds of music, tempo, beat, dynamics and pitch.

Singin'™ - Your child will discover his/her own singing voice through vocal exploration with puppets, songs, and chant. You'll rediscover traditional folk songs and recapture the fond memories these tunes evoke as you participate in sharing the music of many cultures with your child.
